"Tammy Taylor Towelette's"

- Keeps nail liquid cleaner
- Cuts down on waste
- Helps eliminate contamination
- Keeps your brush clean
- Extends the life of your brush
- Decreases fumes

"I would like to share with you a little story about how my Towelette's were invented. When I first began teaching Nail classes, about 26 years ago, my Dad would help me with the classes. At one of our classes my Dad started cutting the large disposable paper towels into 4 small towels; so we did not waste a big towel just for wiping off our brushes. This proved to have a lot of benefits; not just for cutting down on waste; but it also decreased the fumes & kept our brushes cleaner. This made our brushes last longer, and we had less contamination, which made our nail application easier. We then started using the Towelette's to remove polish instead of cotton, as cotton leaves little fuzzies on the nail."
