

Tammy Taylor Nails 8 Hour Nail Design Class Orlando, Florida

Watch out Bahamas. These future Nail Techs are ready for business!

They flew hundreds of miles to attend our Tammy Taylor Nail Design Class in Orlando Fla, taught by our Creative Director, Gisela Marti and our Director of International Relations, Yiza Malave.

These students came with their Cosmetology Instructor who has been a great inspiration to these girls and everyone around her, she pours her passion for nails and education into her students and you could tell!

They were so excited to learn so many new things and to really realize what their teacher has been telling them, that they can make a career out of nails and make a great living doing what they love.

At the end of the class they were so happy and excited this was their quote "We can't wait to go home and practice what we have learned here, we know now we have something new to beat the competition".

And, they were so happy to meet Yiza, Knowing that if they have any challenges in the future they always have someone to call.
